COMMUNICATION HEADSETS

## COMTAC™ A-C-H

TACTICAL COMMUNICATION HEADSETS

37165A 4.08

The COMTAC™ A-C-H is the 3rd generation of COMTAC Tactical Communication Headsets from Peltor®. Its new cup profile is designed specifically for the Advanced Combat Helmet for better fit and improved comfort. Peltor offers COMTAC MICH Kits which are field-proven, user-preferred substitutes to the existing MICH system. The COMTAC ACH is the highest-rated (passive) hearing protector available to the Military (NRR 21). The headset features external microphones for “talk-thru” capability so today’s warfighter can maintain situational awareness while still protecting their hearing. In the tradition of Peltor COMTAC headsets, the A-C-H is built to military environmental and ballistic standards to ensure its reliability in the harsh war environment. Other features include:

- 500+ hours battery life (2 AAA)
- Improved Audio
- Noise Reduction Rating (NRR) 21dB
- Headband and Neckband Variants Available
- Single and Dual COMM Variants Available
- Military Environmental Standards
- Military Ballistic Standards
- EMI Standards
- Improved Tactical Keypad
- New Boom Design

NECKBAND VERSION AVAILABLE

TACTICAL KEYPAD
